information age

data protection • availability • security • privacy

INDEX TO VOLUME 3 : 1981

TITLE

Computers and information: their influence on corporate structure **Sizer, D** 21
Computer abuse and computer crime as organizational activities **Kling, R** 186
Corporate EFT: vulnerabilities and other audit considerations **Greguras, F** 89
Data access-control model **Pinkerton, J M M** 181
Disaster recovery planning: backup for a distributed system **Wong, K** 86
Ethics of computer use **Lansdown, J** 178
Future electronic crimewaves **Bequai, A** 2
Impacts of local government computing on citizens — an international assessment **King, J L and Kraemer, K L** 50
Infancy of computer abuse or awareness? **McNiff, F** 197
Information processing and mass communication **Laufer, R** 231
Judical or political control of access to government information **McNiff, F** 93
NCC codes of practice for data protection **Pitcher, H** 137
OECD recommendations on transborder dataflows 203
Practical psychology of mistrust in computer security **Hayes, G** 83
Preservation of data integrity in distributed systems **Isloor, S and Marsland, A** 26
Privacy and criminal justice **McLauchlan, W** 43
Science, technology and society: a conceptual framework **Laufer, R** 226
Security in a service bureau 34
Survey on use of encryption **Kingslake, R** 218
Transborder dataflows: key issues and an implementation mechanism **Gelinas, U** 131
Transborder dataflows: implementation of privacy protection **Turn, R** 98
Transborder dataflows: issues and organizations **Turn, R** 6
Transborder dataflows: privacy protection **Turn, R** 56
Uniform information practices code **McCabe, J** 248
Videotex and its legal implications **Pye, R** 241
Virtual machine environment — security aspects **Wattam, K W** 68

AUTHOR

Bequai, A Future electronic crimewaves 2
Gelinas, U Transborder dataflows: key issues and an implementation mechanism 131
Greguras, F Corporate EFT: vulnerabilities and other audit considerations 89
Hayes, G Practical psychology of mistrust in computer security 83
Isloor, S and Marsland, A Preservation of data integrity in distributed systems 26
King, J L and Kraemer, K L Impacts of local government computing on citizens — an international assessment assessment 50
Kingslake, R Survey on use of encryption 21
Kling, R Computer abuse and computer crime as organizational activities 186
Lansdown, J Ethics of computer use 178
Laufer, R Information processing and mass communication 231
Laufer, R Science, technology and society: a conceptual framework 226
McCabe, J Uniform information practices code 248
McLauchlan, W Privacy and criminal justice 43
McNiff, F Judicial or political control of access to government information 93
McNiff, F Infancy of computer abuse or awareness? 197
Pinkerton, J M M Data access-control model 181
Pitcher, H NCC codes of practice for data protection 137
Pye, R Videotex and its legal implications 241
Sizer, D Computers and information: their influence on corporate structure 21
Turn, R Transborder dataflows: implementation of privacy protection 98
Turn, R Transborder dataflows: issues and organizations 6
Turn, R Transborder dataflows: privacy protection 56
Wattam, K W Virtual machine environment — security aspects 68
Wong, K Disaster recovery planning: backup for a distributed system 86

SUBJECT

AUDIT AND BUSINESS

Computers and information: their influence on corporate structure **Sizer, D** 21
Corporate EFT: vulnerabilities and other audit considerations **Greguras, F** 89

CALENDAR 40, 80, 128, 176, 224, 272

COMPUTER MISUSE

Authorization problems in a computer network **Moffett, J** 38
Computer abuse and computer crime as organizational activities **Kling, R** 186
Ethics of computer use **Lansdown, J** 178
Evaluation of computer defences **Moffett, J** 76
Future electronic crimewaves **Bequai, A** 2
Infancy of computer abuse or awareness? **McNiff, F** 197
Keys **Moffett, J** 174
Zen and the art of computer security **Moffett, J** 124

COMPUTER SECURITY

Disaster recovery planning: backup for a distributed system **Wong, K** 86
NCC codes of practice for data protection **Pitcher, H** 137
Practical psychology of mistrust in computer security **Hayes, G** 83
Preservation of data integrity in distributed systems **Isloor S and Marsland, A** 26
Security in a service bureau 34
Survey on use of encryption **Kingslake, R** 218
Virtual machine environment — security aspects **Wattam, K W** 68

INTERNATIONAL REVIEW

National information in the global environment **Juneau, P** 120
Information policy developments in Sweden **Freese, J** 270

LEGISLATION

Council of Europe Convention 165
Judical or political control of access to government information **McNiff, F** 93
Uniform information practices code **McCabe, J** 248
Videotex and its legal implications **Pye, R** 241

MARKETPLACE

Access and time control systems 78
Access control 271, 78
Access control system 127
Antibugging device 79
Building monitoring system 223
Audio secure room 271
Computer insurance 173
Data encryption 127
Data encryption device 223
Data protection in practice: a comparative study 173
File/program protection 223
Financial security interface module 127
Infrared card access system 271
Payphone prepayment card 79
Perimeter intruder detector 173
Security system monitoring and control 271
Solicitor's accounting system 79
System security controller 271
Teleprocessing security 223
Telex encryption 127
Telex encryption device 223
Terminal security 78
Time recording with management 78

SOCIAL ISSUES

Data access-control model **Pinkerton, J M M** 181
Impacts of local government computing on citizens — an international assessment **King, J L and Kraemer, K L** 50
Information processing and mass communication **Laufer, R** 231
Privacy and criminal justice **McLauchlan, W** 43
Science, technology and society: a conceptual framework **Laufer, R** 226

TRANSBORDER DATAFLOW

OECD recommendations on transborder dataflows 203
Transborder dataflows: implementation of privacy protection **Turn, R** 98
Transborder dataflows: issues and organizations **Turn, R** 6
Transborder dataflows: key issues and an implementation mechanism **Gelinas, U** 131
Transborder dataflows: privacy protection **Turn, R** 56
